Overseas Training on Sustainable Textile Technology in South Korea

5 - 8 Mar 2012 (4 Days) \$5,250 only*

*Members after getting NTTS reimbursement

For the sake of protect the environment, many developed countries start to legislate on manufacturing production process to control the emission of pollutant and greenhouse gases. Moreover, the international garment company like Marks & Spencer, Timberland, Puma and etc begin to launch different eco-friendly measures as their sustainable development strategy such as eco-labelling scheme and cooperate social responsibility program. In order to help the local textile and clothing industrialists to export the textile to those developed countries and co-operate with the international garment companies, HKPC is going to organize this overseas training to South Korea on 5- 8 March 2012 to learn how to implement sustainable textile technology in textile production.
